Submitted on July 7, 2021 Submitted values are: \*Zip Code\* 98579 \*Affiliation\* Former Berkeley Resident \*Topic\* Housing \*Comment\* In 2050, I will be 85. I was priced out of my home town of Berkeley in the 90's by developer and landlord greed. Hardly anyone I grew up with and went to school with still live there for the same reason. If you can move the timeline up on this I might be more supportive. The greedy rich of Silicon Valley and their friends destroyed the Bay Area for an entire generation. Can you give me back all the years I had to spend elsewhere? Try housing all the unfortunate people living on the streets. Otherwise this is just masturbatory window dressing and empty posturing.
