Dear MTC/ABAG Board members:

Transparency is the cornerstone of a democracy.

Hence I am writing to urge you to come out from behind closed doors and hold public meetings with respect to the policies you seek to establish.

The consequences of Plan Bay Area 2050 and its RHNA allocation process for the communities of the Bay Area are enormous, and the public is entitled, by law, to hear directly from you, and to speak directly to you, in open meetings about these matters.

Thank you for your consideration.

Sincerely,

Jeanne Fleming
