Subject: Re: Too many houses for Napa.

External Email

Hello ABAG,

As a longtime [REDACTED] resident, since 1965, I am putting in my "two cents' worth" in regard to the 3,816-housing unit order forced upon Napa County. Napa County is one of the few precious areas in which unique ecology and unparalleled natural vistas remain on the periphery of the metropolitan bay area. Nearly 4,000 new housing units will impair the better-quality of life for which far too much population growth has already done to most bay area cities and counties. ABAG needs to shelve its above decree. Thank you for your kind attention.

Sincerely yours,

John Stephen Futini, [REDACTED].
