Subject: Richmond-San Rafael Bridge Access Improvement Project

To: Ashley Nguyen, Project Manager
Metropolitan Transportation Commission

Dear Ms. Nguyen and the Metropolitan Transportation Commission,

I am a 22 year resident of Larkspur, in Marin County. In the past 18 months the traffic in the ingress and egress of Larkspur, Greenbrae, San Rafael and Corte Madera has been significantly impacted by the East Bound traffic attempting to reach the Richmond San Rafael Bridge. It is not only adversely affecting the quality of life for our local residents it is also affecting local businesses, access to public transportation (e.g., access to the Golden Gate Ferry at Larkspur terminal is stifled) and has become a safety concern due to intolerant drivers. I am writing in support of adding the Richmond-San Rafael Bridge Access Improvement Project to Plan Bay Area and to the 2015 Transportation Improvement Program.

By prioritizing the re-opening of the third lane on the Richmond-San Rafael Bridge during peak evening commute hours, we will make a big difference in cutting traffic, reducing air pollution, and improving the quality of life in the North Bay.

Sincerely,
Susan Christman
