Dear Ms Nguyen:

Please include the Richmond/San Rafael Bridge Access Improvement Project in Plan Bay Area and the 2015 Transportation Plan. This project will close major gaps in the San Francisco Bay Trail.

The project is especially critical in providing pedestrian and safe bicyclist access to Point Molate Beach Park and the rest of the Point Molate Shoreline.

However, please modify the project description to extend the bi-directional bicycle/pedestrian path to Castro Street in Richmond rather than terminating it at Marine Street. This will provide better access for hikers & bicyclists to public transportation.

Sincerely,

Rosemary M. Corbin

Member of the Bay Trail Committee & Former Mayor of Richmond
