**Subject:** Richmond-San Rafael Bridge Access Improvement Project

To: Ashley Nguyen, Project Manager Metropolitan Transportation Commission Dear Ms. Nguyen and the Metropolitan Transportation Commission, I am writing in support of adding the Richmond-San Rafael Bridge Access Improvement Project to Plan Bay Area and to the 2015 Transportation Improvement Program. By prioritizing the re-opening of the third lane on the Richmond-San Rafael Bridge during peak evening commute hours, we will make a big difference in cutting traffic, reducing air pollution, and improving the quality of life in the North Bay. I'd also like to point out that getting on the freeway northbound from Corte Madera, drivers have to cross to lanes of very slow moving traffic to enter a lane of fast moving traffic - a very exciting maneuver at times. Furthermore as someone who is sensitive to particulate matter in the air I feel the impact of traffic congestion caused pollution. Thank you for your consideration. Richard M. Fowler
