Metropolitan Transportation Commission

Dear Ms. Nguyen and the Metropolitan Transportation Commission,

I am writing in support of adding the Richmond-San Rafael Bridge Access Improvement Project to Plan Bay Area and to the 2015 Transportation Improvement Program.

By prioritizing the re-opening of the third lane on the Richmond-San Rafael Bridge during peak evening commute hours, we will make a big difference in cutting traffic, reducing air pollution, and improving the quality of life in the North Bay.

I am astonished/dismayed that it is taking so long to re-open a lane (already there) on a bridge. The Golden Gate Bridge was built in 4 years, from conception to completion.

We are a society in decline.

Thank you.
