Dear MTC/ABAG,

Your Bay Area Plan 2050 ignores our need for affordable housing, our historic droughts, creates high levels of congestion, pushes up already high housing costs, increases local taxes, ignores changing work patterns, and eliminates local zoning control.

As an unelected regional planning agency, you have ignored California government codes requiring you to hold open meetings to explore ways to disperse housing throughout the Bay Area. I insist that you open your meetings to the public.

I am a concerned Palo Alto homeowner and adamantly oppose your plan. Please provide a written response.

Respectfully, Carolyn V. Garbarino
