When we bought our house in 1973, it was we specifically chose Palo Alto because this city was the most desireable on the peninsula. Palo Alto had remained that until at some point, hard to tell when, the city decided that we needed more dense housing. The result, our street, Louis Rd. has become a thoroughfare. The current generation has children. that must be so much more careful due to the much faster and increased traffic And that is just our street. Traffic calming on Charleston? No, traffic mess. Arastradero, another mess. Ross Rd, disastrous. It seems that everything the city touches makes things worse, now E. Meadow. And now you want to eliminate single-family houses? JUST STOP! Council! take some time off, relax.
