Members of the ABAG Executive Board-

My name is Dan DeBusschere. I am a resident of [REDACTED].

I am writing to ask the ABAG Executive Board to NOT accept any pre-COVID19 population estimates as they relate to RHNA planning and allocation.

After COVID19, there will be a new normal with respect to job growth and job placement. Many employers and employees have discovered that they do not need to commute to a store and park inner city office any longer, This is the benefit of the Internet and new information technology products and features.

Based on this new reality and possible depression level employment numbers, it is prudent for the Executive Board to pause and rethink the next RHNA plan.

Best wishes,  
Dan DeBusschere
