Dear MTC

RE: Plan Bay Area II

MTC and ABAG are not elected bodies. They don't have the authority to force our state, cities and counties to do anything. They have confiscated money to operate that was intended for other uses, primarily to improve the quality of our roads and freeways. In violation of the State and Federal Constitution (specifying government elected by the people) they are trying to force high density housing when everyone knows we in the Bay Area have not got water to support high density housing. In fact we have no extra water to support any more housing. Building more is insanity. ABAG and MTC STOP exceeding their authority. They must release the funds required to fix our roads and sell the spec building they had no right to build.

Yours truly,

Cheriel Jensen
